

### English

We will write: a persuasive speech and letter, a non chronological report, poems and a short story.

### WCGR

We will be reading The Boy at the Back of the class, Wind in the Willows and the Borrowers.

### PE

This term we will be developing our skills in:

Dance  
Athletics  
OAA  
Rounders

### Maths

We will be covering the following domains: short and long division, reading and calculating time, interpreting and presenting data, roman numerals, negative numbers, angles, properties of triangles, translation, position and direction, angles and points in a shape

### Science

#### Electricity

In Science, we will be learning how to construct a simple series circuit and how we can use switches.

#### Sound

We will cover how sound is made and find patterns in volume and pitch.

Welcome to our Summer Term Curriculum Flyer, showing an overview of our learning this term. Please use this information to support a discussion of learning with your child at home. If you have any concerns please contact us:

**[Year4@howedell.herts.sch.uk](mailto:Year4@howedell.herts.sch.uk)**

### Computing

We will be focusing on repetition in shapes and games when programming.

### PSHE

We will be learning about how to keep ourselves and others safe and the changing body.

### RE

#### Judaism

Key Question: How does celebrating Shavuot help Jewish children feel closer to God?

#### Christianity

Key Question: Do people need to go to church to show they are Christians?

### History/Geography

In History, we will be studying the Ancient Egyptians; considering who was significant, what they achieved and the importance of the River Nile.

In Geography we revisit map skills and then study the Environmental Regions of Russia, Europe and the Americas.

### Music

- Reflect, Rewind and Replay.  
**Style:** Classical.
- **String Lessons** – First Access

### MFL

- My Family
- What is the Weather

### Art

Pupils will learn how to make collages and make art seem 3D as well as new painting techniques.

### D&T

Pupils will learn how different types of switches work within electrical circuits and how these can be used to perform a function in a product. We will also take part in the food festival.

## Home Learning

Home Learning will be sent out weekly on a Friday and is due in on the following week on a Friday.

Children should read every day and be listened to, wherever possible. Please add your comments to the Reading/Home Learning Diaries.

Children should also practise their multiplication tables on a regular basis: using TTRS (or other practice method) for approximately 10 minutes at least five times per week will help. Even if children are confident with their times tables, it is important to still practice for fluency. **This is especially important due to the National Year 4 Multiplication Tables Check that will take place in June.**

## e-safety

Please ensure that any children who are using a device that is connected to the internet are supervised. Talk to your children about staying safe online and visit our school website for more information. Age-limit information has already been provided.

## PE Kit and Clubs

Children should come to school wearing their PE kit on the days that the class have PE. Please ensure the kit complies with our uniform policy.

**PE days are: Tuesday and Friday**
