

SNOW AND BAD WEATHER PROCEDURE

Parents are reminded that in the event of heavy snow the school may be closed due to dangerous road conditions, and travelling to school not being possible for children and staff.

The school will also post on the school website and Twitter whether the school is closed. Messages will also be sent via Arbor and however these messages can sometimes be delayed due to demand on the network.

If there is nothing on the above, assume the school is open as normal. Please do not telephone the school office, as we cannot guarantee this will be manned in extreme conditions.
